THE KEY CARDS - key Promises in Cards

By Maria Fontaine - Taken from the Key Promises Book and TCOB publications on the Keys -

Art by William Henry - Edited by theaudiokey.com - November 2016

(Jesus:) If you would utilize the keys to the fullest, you must let them become a part of you. You do this by hiding the keys promises in your heart. Read them, study them, speak them to one another, meditate on them, and commit them to memory.

If you'll make a concerted effort to commit the keys promises to memory, you will find that as they become more a part of you, your use of the keys will be more spontaneous. As you let the keys promises sink deep into every part of your mind, heart, and spirit, by meditating on them day and night, by reading them often, reviewing them, and committing them to memory-the keys will become one with you more and more, until your automatic reaction will be to call on the keys.

Resolve to make a concerted effort to hide the keys promises in your heart; then call on the keys for the power to carry out your resolution. This is a vital step in letting your keys be turned to swords. The Words I speak to you are spirit and life; the keys I give you are strength, power, and victory. *(End of message from Jesus.)*
